

Please do not stop XM from providing XM Instant Traffic & Weather. This service is invaluable to those of us who are on the road for business or pleasure. I have no problem paying for these services, as well as the variety and quality of programming provided by XM - and not available elsewhere - so I believe the NAB should not have the right to dictate what I'm permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-150. I also respectfully urge the FCC to support XM's ability to provide the kind of programming that I and others like me demand and deserve.
